Reading	Multi-Fluency Dimensional Assessment  Yusra Swims by Julie Abery - we will be going on a reading journey into the beautiful illustrated picture book and focusing on our inference skills.							
Maths	Place Value			Additio	Addition and Subtraction		Statistics	
Science	Space and Gravity – We will investigate the Solar System, describe how it works and how planets move. We will also explore how day and night are created and the movement of the Moon relative to the Earth. We will also investigate gravity and its effects, focusing specifically on how differences in gravitational pull affect planetary orbit.							
P.E.	Integr8 dance - Linking to our curriculum for autumn 1, integr8 have designed their dance sessions to incorporate our learning. We look forward to seeing what we're going to do.							
Games	Ultimate frisbee - Using invasion game skills, the children will be learning and applying throwing, catching and attacking skills to ultimate frisbee.							
Computing	Computing Networks - We will develop our understanding of computer systems and how information is transferred between systems and devices.  Information technology - They will experience a range of different apps and softs more digitally literate in the ever changing world.						nd software to become	
History	Mayans – We will learn about the significance of the Mayan civilization, exploring how they managed to expand and the factors that contributed to their success and eventual decline. We will also use various evidence sources to gather an impression of the key features of their society.							
R.E.	Belonging – We will explore what the concept of belonging means and how we experience it in our own lives. We will then explore what the concept means for Muslims and be able to explain how they experience belonging through their religious practices.							
PDL	Mental Health and Wellbeing – We will explore what mental health means and its relationship feelings. We will learn to recognise, Identify, discuss and manage a range of feelings and emo ourselves and others.				Thrive – new unit coming soon			
Art & DT	DT – We produce clothing for Mayan Dolls, using skills of paper patterning and a range of sewing stitches.							
French	Ma famille - We will be learning the nouns for family members in French and then applying it to our speaking, listening and writing.							
Music	Mayan Rondos – We will explore rondo form and use our listening skills to identify some of the structural aspects of music heard. Based on this, we will compose our own rondos with A, B and C themes, inspired by our knowledge of the Mayan civilization.
