December 2023

Dear Parents and Carers,

Wonderdome space experience – Wednesday 13th December

Currently, in Year 5, the children have been learning about space through their science curriculum and we are delighted that we have been able to secure a new experience that the children have not experienced before.

To be able to enrich this unit, we are thrilled to be able to bring this topic to life by welcoming WonderDome into school with an immersive mobile planetarium. Since 2014 WonderDome has been inspiring thousands of school children with their immersive mobile planetarium shows in school, in particular those in the local areas and this will undoubtedly enrich this unit and give them a unique experience they have not had before.

This 60 minute workshop aims to: *'Deliver curriculum-focused, presenter-led content which will ignite curiosity & spark a desire to explore and learn more. It's an unforgettable opportunity to bring the marvels of space directly into your school.'*

Date: Wednesday 13th December 2023

Cost: £4.45

To cover the cost of the visit we should be grateful if you could make the payment of **£4.45** via your child's Arbor account as soon as possible.

We thank you for your support and very much look forward to providing our year 5 children with this exciting experience.

Yours sincerely,

Holly Bristow
Year 5 Leader
