

Hiltingbury Junior School – SEN Information Report 2024-2025

Hiltingbury Junior School is a fully inclusive setting and all pupils are fully integrated in the life of the school. Staff and Governors are committed to welcoming children of all abilities and believe that the school should be a caring place where all individuals are respected and treated equally.

This document provides information about how staff at Hiltingbury Junior School, support pupils with special educational needs and disabilities (SEND).

‘A pupil has SEN where their learning difficulty or disability calls for special educational provision, namely provision different from or additional to that normally available to pupils of the same age.’

(SEND Code of Practice Jan 2015)

The school’s SENCo can be contacted via the school office: adminoffice@hiltingburyjun.hants.sch.uk and telephone: 02380 261808

How does the school know if children need extra help and what should I do if I think my child has special educational needs?

Hiltingbury Junior School has a clear approach to identifying and responding to SEND. The benefits of early identification are widely recognised, identifying need at the earliest point and then making effective provision improves long-term outcomes for the child or young person. Children are identified as having SEND through a variety of different ways including the following:

- Transfer liaison with infant schools or previous schools
- If a child is performing significantly below age related expectations in either reading, writing or maths
- Results of termly spelling and reading standardised tests
- Concerns raised by teachers or parents
- Other tests may be used if considered appropriate e.g. dyslexia screening
- Via correspondence with external agencies
- Through a paediatric health diagnosis

If parents or the school believe that a child has special educational needs, reference is made to the Hampshire’s SEN Support and Guidance document to determine whether a child meets the criteria to be on the school’s SEND register. In instances where a child does not meet the criteria, but there are concerns about a child’s learning, the children continue to be monitored during lessons and these children are also discussed and monitored termly at SEND pupil progress meetings.

How will I raise concerns if I need to?

If you ever have any concerns about your child, please do not hesitate to contact your child’s class teacher or make an appointment to see the Special Educational Needs Co-ordinator (SENCo), via the school office.

How will the school support my child?

Who will oversee, plan, work with my child and how often?

Teaching children with SEND is a whole school responsibility. The curriculum is delivered through high quality inclusive teaching, which uses effective pedagogical approaches. Teachers are responsible for differentiating the curriculum and providing the appropriate resources to assist with learning. Teaching assistants and

learning resources, including computing learning resources, are deployed so that the curriculum is accessible to all. Teachers and teaching assistants may work with your child individually or within a small group setting, during different times of the week. Teachers work closely with the SENCo in planning and overseeing the support each child receives and monitoring the progress of individual pupils on the SEND register.

How will I know how my child is doing and how will you help me to support my child's learning?

What opportunities will there be for me to discuss my child's progress?

Our school is committed to ensuring that there is effective communication between parents and school. Parents are invited to attend two parents evening meetings during the year to discuss their child's progress with their class teacher and the SENCo. Parents are however welcome throughout the year to make additional appointments to meet with their child's class teacher or the school's SENCo. If your child is on the SEND register they will have a Personal Plan which will have individual targets that are linked to National Curriculum objectives or other identified areas of need. This is discussed on a termly basis and parents are given a copy of new targets and outcomes from previously set targets. The targets set are SMART (specific, measurable, achievable, realistic and time scaled) and aim to be achieved by the time the target is reviewed. If a child has not fully achieved a particular target, the reasons for this will be discussed, then the target may be adjusted into smaller steps or a different approach may be adopted to ensure the child makes progress. If your child has high level needs they may be part of an TPA (Transition Partnership Agreement) or EHCP (Education, Health and Care Plan), which means that a formal meeting will take place annually to discuss your child's progress and a report will be written.

How are the governors involved and what are their responsibilities?

Our school has a designated SEND Governor, who meets with the SENCo to discuss the progress of children with SEND. Governors have an agreed monitoring plan to ensure the SEND policy is adhered to.

What support will there be for my child's overall well being?

What is the pastoral, medical and social support available in the school?

We have a school ethos of being kind, caring and supportive to all our pupils. Your child's class teacher has overall responsibility for the pastoral, emotional, medical and social care of each child in their class. If you should have any concerns surrounding your child's personal well being, do not hesitate to meet with their class teacher. If any additional support is required, the class teacher will meet with the SENCo or Senior Leaders for further advice and in some instances, with your permission, outside agencies may be contacted to work alongside the school. The school has an Emotional Literacy Support Assistant (ELSA), who works directly with children who are currently experiencing emotional, communication or social difficulties. The school also has a Thrive practitioner, who delivers targeted intervention to help children progress with their social and emotional development. Additional adult support is also provided for children at break and lunch times, where deemed necessary and all children have access to the lunchtime 'Wellbeing Hub'.

At Hiltingbury Junior we also have a Child and Family Support Worker working with children and families across the school community to support their child's emotional, social and behavioural development.

How does the school manage the administration of medicines?

If a child needs to take medication during the school day, then parents must advise their child's class teacher and the school office. A medical administration form would need to be completed, which is available on the school website. The medication needs to be provided in the original packaging, clearly labelled with the child's name and in the case of prescribed medication should have the doctor's directions clearly visible on the pharmacy dispensing label. The expiry date

should also be noted and a replacement supplied in good time. Children visit the office during the times that the medicine needs to be administered. Epi pens and inhalers however should be kept in your child's classroom. As a school we have regular training and updates of conditions and medication affecting individual children so that all staff are able to manage medical situations appropriately. There is a separate Medical Needs Policy available on the school website.

What support is there for behaviour, avoiding exclusion and increasing attendance?

We have a whole school behaviour policy which can be found on our school website.

If there are children who require additional support, we may need to develop an Individual Behaviour Pathway Plan (IBP) alongside the child and parents, to identify the specific needs and put relevant support in place. We also work closely with the 'Primary Behaviour Support Team' and education psychology services for further professional advice. The attendance of every child is monitored daily by the teachers, DSL's and school admin team. Lateness and absence are recorded and reported to the Designated Safeguarding team, who contact parents where there is cause for concern or to offer support for families.

How will my child be able to contribute their views?

Every child has the right to express their views on matters concerning school life. PDL lessons regularly take place where pupils have the opportunity to discuss any issues or viewpoints with their class Pupil Voice group representative, which are then discussed at pupil forum meetings. All children are encouraged to apply for a role in one of our Pupil Voice groups. Children who have Personal Plans are involved in the process of setting, reviewing and evaluating Personal Plan targets with their class teacher. If your child has an EHCP their views will be sought before any annual review meetings.

Our school is committed to promoting effective partnerships with outside agencies, to ensure that adequate support is provided for children with SEND. External support services can advise teachers on new Personal Plan targets and provide practical support strategies. Parental consent is always needed if additional outside support is requested. External support services play an important part in helping the school identify, assess and make provision for pupils with special educational needs. Meetings, with behaviour support workers, educational / clinical psychologists, specialist teacher advisers, outreach support teachers, physiotherapists, occupational therapists, social services (including locality team and social workers), GPs, school nurse, paediatricians and speech and language therapists are held, when necessary, to ensure effective collaboration in identifying, making and reviewing provision for pupils with SEND.

What training have the staff supporting children with SEND had or are currently having?

Our school is committed to supporting professional development of all staff in special educational needs. Throughout the year we have SEND staff meetings and INSET sessions which focus on specific areas of SEND training and development. The school's SENCo has obtained the 'National Award for SENCO Accreditation' and achieved a distinction grade. We have an-ELSA who receives regular support from an educational psychologist through attending ELSA supervision support meetings. Our teaching assistants also receive a training programme each year and support with delivering targeted interventions. We also have TA's trained to carry out dyslexia screening tests and Thrive assessments. All staff training is linked directly to the school improvement plan.

How will my child be included in activities outside the classroom, including school trips?

As a school we are committed to ensuring that children with special educational needs have the opportunity to join in with all the activities of the school. Reasonable adjustments are made to school trips and risk assessments carried out to ensure everyone's health and safety will not be compromised, so that all children can participate and gain from outings. In the unlikely event that it is considered unsafe for a child to take part in an activity, parents will be consulted to discuss whether any additional arrangements can be made to enable their child to attend the trip or alternative activities, which cover the same curriculum areas, will be provided in school.

Equality and Accessibility at Hiltingbury Junior School

The school is committed to equality and the integration and inclusion of pupils with a wide range of needs across all aspects of school life. The school site is wheelchair accessible with ramped access to the outside, has a designated disabled parking space and has a fully modernised disabled toilet which provides sufficient space for changing. The school is split over two levels and where a child has a physical difficulty, which makes using the stairs not possible, there is flexibility to accommodate specific classes downstairs.

Further detail and information can be found in our school [‘Accessibility Plan’](#) and [‘Equalities Policy’](#)

How will the school prepare and support my child when joining the school and transferring to a new school?

The school aims for a smooth transition when any child joins or transfers to a different school. We liaise closely with staff when receiving and transferring children to different schools, ensuring paperwork is passed on and all needs are discussed and understood. When a child joins the school there is contact with their previous school and support services in order to continue the child's provision, with as little disruption as possible. We encourage all new children to visit the school prior to starting. For a child with SEND, we would encourage further visits to aid familiarisation of new surroundings. The SENCo would also visit the child in their current school. If a particular child finds transition difficult, then social stories are used and extra transition support is put in place by our school ELSA. If a child leaves the school, transfer information is available to a child's new school at the time of transfer.

How are the school's resources allocated and matched to children's SEN needs?

Our school is committed, with the funds available, to ensuring that appropriate resources and support are available for pupils with SEND.

How is the decision made about what type and how much support my child will receive?

The class teacher in partnership with the SENCo, will discuss a child's needs and what type of support would be appropriate. Certain children will require varying levels of support in order to bridge the gap to achieve age related expectations. Parents will also be involved in ongoing discussions with their child's class teacher or the school's SENCo about their child's provision.

How will progress and impact be measured?

The school uses a variety of sources to evaluate the impact of provision that children on the SEND register have received. We know if provision has had impact by:

- Reviewing outcomes on a child's Personal Plan
- Using reading and spelling standardised scores and teacher assessments in reading, writing and maths to monitor termly progress
- Formative and summative assessments throughout the year

- Teachers and TAs monitor the effectiveness of interventions pupil's receive - taking into account any verbal feedback received from teachers, parents and children

In consultation with parents, a child may move off the SEND register when they have achieved age expectations or made sufficient progress.

Who can I contact for further information?

Please contact your child's class teacher to share your concerns as needed. For further external support please contact 'Support 4Send' www.hants.gov.uk/support4send

Who should I contact if I am considering whether my child should join the school?

The school provides for children with a wide range of SEND. Contact the school office to arrange a meeting, who will willingly discuss how the school can meet your child's needs. Places for children with or without special educational needs are allocated in line with the school admissions policy and Hampshire County Council's admissions procedures.

Where can I get further information about services for my child/young person?

From September 2014 all local authorities have published a 'Local Offer' which contains information about services they expect to be available for children and young people with special educational needs (SEN) and /or disabilities aged 0-25 years. Click on the web link below to view Hampshire's 'Local Offer'.

[Hampshire's Local Offer for Special Educational Needs and / or Disabilities | Family Information and Services Hub \(hants.gov.uk\)](http://www.hants.gov.uk/family-information-services)

Dealing With Complaints

In the event of a disagreement about how a child's needs are being met, parents should initially discuss the problem with the class teacher and or the SENCo. If the problem is not able to be resolved, parents should then raise the matter with the Head Teacher. If it remains unresolved at this stage, parents should refer to the school's complaints policy for further information:

<https://www.hiltingbury-jun.hants.sch.uk/attachments/download.asp?file=568&type=pdf>

External agencies to support parents such as Support4SEND, can also be contacted.
