Dear Parents and Carers

Prime VR Experience – Monday 17th June 2024

After half term, in Year 4, the children will be learning about global climates and biomes which includes:

- What does the biome look like?
- What would it be like to live there?
- How do temperatures compare around the world?
- What is unique to this part of the world?

To bring this topic to life, we have organised Prime VR to come in and create an immersive experience for the children using virtual reality headsets. This 30 minute workshop aims to: 'Transport the class around the world to explore a range of different biomes. From the tropics of the Amazon Rainforest to the dry desert of Namibia, the class will get a sense of how climate, landscape, plants and animals differ across our planet.

To cover the cost of this in school visit, we would be grateful if you would make a contribution of **£3.95** via your child's Arbor account by **Thursday 23rd May**. In addition to this, in order for your child to be able to take part, please read and complete [this Google Consent Form](#) also by **Thursday 23rd May** – without a completed consent form your child will unfortunately not be able to take part in the workshop.

(Please note, it is recommended that pupils with epilepsy or pupils who are prone to seizures consult with their doctor before using a VR headset. If your child has epilepsy, is prone to seizures or may not be able to use a VR headset, please consult with a doctor and inform the school reception before signing this permission slip as an alternative device can be provided for accessing this workshop).

We thank you for your support and very much look forward to providing our year 4 children with this exciting experience.

Yours sincerely,

The Year 4 Team
