17<sup>th</sup> July 2024

Dear Parents and Carers,

### **Y5 Sustainability Centre Trip September 2024**

We are thrilled to announce an exciting and educational trip for our Year 5 students to The Sustainability Centre in East Meon, Hampshire. This visit will serve as a hook to launch our new project: "**Do Our Choices Really Matter?**" Throughout this project, we will focus on sustainability and the future, aiming to inspire our students to think critically about their choices with one aspect being linked to our planet and local environment.

The Sustainability Centre is an independent learning and study centre situated in 55 acres of beautiful woodland in the heart of Hampshire's South Downs. It is renowned for its dedication to sustainability and is an award-winning social enterprise charity. The Centre provides an ideal setting for our students to explore and engage with sustainable practices and forward-thinking environmental initiatives. Your child will take part on the date shown below:

**Miss Bristow's Class: Thursday, 5th September**

**Miss Oliver's Class: Friday, 6th September**

**Mr. Achilles' Class: Monday, 16th September**

- School departure: 9:15am
- Arrival: 10am
- Return to school: 3pm

What will the children need?

- ❖ Rucksack
- ❖ Packed lunch
- ❖ Water bottle
- ❖ Wearing school uniform (Wear trainers for the trip if your child wishes)

In order to cover the cost of this trip, we should be grateful if you would make a contribution of **£27.85** payable via Arbor no later than **Friday 23<sup>rd</sup> August**. Should there be insufficient contributions then the activity will be cancelled and your money will be refunded in full.

This trip has been carefully planned to enrich our overall project and provide a memorable and educational experience for our students. We believe this will be an excellent opportunity for them to connect classroom learning with real-world applications of sustainability.

Best wishes,

Holly Bristow  
Year 5 Lead
