During Year 4 Children benefit greatly if parents are able to support their children by practising their spellings, regularly hearing them read and practise their times tables. Please let the class teacher know if you would like guidance on this as we have a great librarian and class book corner to support most children's interests.

Games lessons are on a Thursday.

Spellings are available on a Friday to enable children to source words that fit the rule over the weekend. These words can then be shared on a Monday, learnt during the week, ready for a test on Friday.

Times tables can be learnt on Times Table Rockstars a computer programme. Please let the class teacher know if you would like a reminder of the password and log in.
