Headteacher Miss Zoe Loosemore

14th September 2021

Dear Parents and Carers,

YEAR 5 WORKSHOP WITH SIRIUS ASTRONOMY

As part of our science unit exploring 'Earth and Space', we have organised Sirius Astronomy to come into school on **Wednesday 22nd September**. This will further enhance and bring to life this half term's science topic.

During the day, the children will participate in a workshop to learn more about space and our solar system. From start to finish, the focus is on awe and wonder: live experiments, hands on activities and plenty of weird and wonderful experiences to excite and engage!

To cover the cost of this workshop we should be grateful if you would make a contribution of **£2.95** via Scopay by **Friday 17th September**. No pupil in the group will be excluded from the event, but should there be insufficient contributions, the activity will be cancelled and your money returned in full. Any parent with financial difficulties should write in confidence to the Headteacher.

We look forward to a fantastic space-themed day!

Yours sincerely

Zara Chambers

Year 5 Leader
