Headteacher Miss Zoe Loosemore

19th November 2021

Dear Parents and Carers,

We are looking forward to our Maths Parents evening on **Wednesday 24th November 2021**. Thank you to everyone who completed our recent Google Form regarding the content of the evening which we will use to plan our outcomes. We will be looking at:

- The meaning of mastery
- Resources
- Multiplication
- Home help

This event will be held in school starting from **5pm** and will last for about an hour. To help with our organisation, we ask all families to complete the following attendance form by **Monday 22nd November at 6pm**.

[Maths Information Evening - Attendance Form](#)

We ask everyone who is attending to read and follow these safety measures prior to and during attendance:

- Visitors will be required to self-assess for COVID-19 symptoms (a high temperature; a new, continuous cough; a loss of, or change to, their sense of smell or taste) prior to attending the school. If visitors have one or more of these symptoms (even if they are mild), they are asked not to attend site
- Contact details of all visitors will be registered, on arrival at the school office, in case of the need to contact for tracing purposes
- If visitors develop symptoms whilst visiting the school, they will be taken to the isolation room and be supported in leaving the school site
- Visitors will be asked to hand sanitise on arrival to the school office and when leaving the school office too
- Visitors are expected to wear masks during the whole of their visit until they leave the school building

In normal circumstances we would welcome children also attending but at this time we are limiting the number of attendees so would ask that if possible adults attend only.

We thank you in advance for following these measures to reduce the risk of transmission of coronavirus in our school and we look forward to sharing our insight into our Maths Mastery approach with you.

Yours sincerely

Fiona Coking

Maths Lead
