Year 3 Maths Overview – Autumn Term 2022

Weeks	1	2	3	4	5	6	7	8	9	10	11
Autumn	**Place Value** Count from 0 in multiples of 4,8, 50 and 100 Find 10 or 100 more or less than a given number; Identify, represent and estimate numbers using different representations. Read and write numbers up to 1000 in numerals and in words. Recognise the place value of each digit in a three digit number (hundreds, tens, ones). Compare and order numbers up to 1000 Solve number problems and practical problems involving these ideas.			**Addition and Subtraction** Add and subtract numbers mentally, including: a three-digit number and ones; a three-digit number and tens; a three digit number and hundreds. Add and subtract numbers with up to three digits, using formal written methods of columnar addition and subtraction. Estimate the answer to a calculation and use inverse operations to check answers. Solve problems, including missing number problems, using number facts, place value, and more complex addition and subtraction.					**Multiplication and Division** Recall and use multiplication and division facts for the 3, 4 and 8 multiplication tables. Write and calculate mathematical statements for multiplication and division using the multiplication tables they know including for two-digit numbers times one-digit numbers, using mental methods and progressing to formal written methods
