6th January 2016

Year 5 and 6 Parents Open Evening – 10th and 11th February 2016

Dear Parents,

Last spring, in Year 6, we held a joint meeting between parents, pupils and teachers. Children, staff and parents confirmed that this had a positive impact on the child's future learning and their engagement with their next steps and targets. This is something that we would like to continue in Year 6 and extend to Year 5.

We will release each class teacher from class for two days, as well as allowing the two evening slots, to meet with each child with at least one of their parents. Your child will be able to present to the adults their reflections on where they feel they are and what they believe their next steps to be and the teacher will add to this. Parents will also have the chance to talk about their perspective to how their child is doing. We are hoping that this structure will continue to prove really powerful as a 'magic triangle' of pupil, parent and teacher coming together. We will allow 15 minutes for each meeting.

The normal online booking system will be open from 17th January – 5th February for you to book your slot in the usual way. Further details on how to book will be sent on 15th January.

Best wishes,

Sam Hunter
Headteacher
